BOTTLE SHOP & TASTING BAR

presents special tastings of

**2014 COTE DE BEAUNE RED BURGUNDY SUPERSTARS**

## **Domaine de la Pousse d'Or**

## **Domaine de Courcel**

Under the stewardship of Patrick Landanger, Volnay's Domaine de la Pousse d'Or has moved into the very top echelon of Red Burgundy producers. We've stocked Pousse d'Or wines since the late 1980s, and they have never been better than they are today. This tasting includes their five best Cote de Beaune reds, three Premier Crus and two Grand Crus, all new arrivals

Domaine de Courcel, owned by the same family since the 17th century and considered the finest domaine in Pommard, makes its VVW debut at this tasting. Long monopolized by an ineffective importer with little presence on the West Coast, Courcel is now imported by our friends at Vineyard Brands, giving us the opportunity to acquire these wines for the first time. This tasting features their three top Cote de Beaune reds, all Premier Cru Pommards, including their iconic bottlings of Grand Clos des Epenots and Les Rugiens.
